MSC-MEPC.6/Circ.9
31 December 2010

NATIONAL CONTACT POINTS FOR SAFETY AND POLLUTION PREVENTION AND RESPONSE*

1 The Maritime Safety Committee, at its sixty-seventh session (2 to 6 December 1996) and the Marine Environment Protection Committee, at its thirty-eighth session (1 to 10 July 1996), approved the issuance of a new circular combining the lists of addresses, telephone and fax numbers and electronic mail addresses of national contact points responsible for safety and pollution prevention.

2 The present circular is an updated version of MSC-MEPC.6/Circ.6, and contains information received by the Secretariat up to the date of this circular and consists of the following annexes:

- Annex 1 - amalgamated list of national inspection services – head offices (originally MSC/Circ.630), national inspection services – local offices (originally MSC/Circ.630), inspection services acting as representatives of flag States for port State control matters and responsible authorities in charge of casualty investigation (originally MSC/Circ.542), as well as the Secretariats of Memoranda of Understanding on Port State Control; and

- Annex 2 - list of national operational contact points responsible for the receipt, transmission and processing of urgent reports on incidents involving harmful substances including oil from ships to coastal States.

3 Member Governments are invited to:

.1 provide information on any changes or additions to the annexes;

.2 provide addresses, telephone and fax numbers and electronic mail addresses of inspection services acting as representatives of flag States in case of port States interventions; and

---

* In order to facilitate the identification and retrieval of information circulated by means of joint MSC-MEPC circulars, from now on such information will be disseminated through the following circular series:

1 Organization and methods of work, as MSC-MEPC.1/Circ…
2 General matters, as MSC-MEPC.2/Circ…
3 Casualty-related matters, as MSC-MEPC.3/Circ…
4 Port State control-related matters, as MSC-MEPC.4/Circ…
5 Survey and certification-related matters, as MSC-MEPC.5/Circ…
6 National contact points for safety and pollution prevention and response, as MSC-MEPC.6/Circ…
7 Human element-related matters, as MSC-MEPC.7/Circ…

.3 notwithstanding the provisions of the 1974 SOLAS Convention, as amended, with regard to communication of an intervention, port State Authorities are requested, in order to expedite communications, to additionally convey information, related to port State control interventions, to those flag State inspection services – Head Offices – listed in annex 1 or to the inspection services acting as representatives of flag States, when available.

4 Effective 29 February 2008, Member States are requested to directly update their respective information as contained in annexes 1 and 2, and as outlined in paragraph 3 above, in the Global Integrated Shipping Information System (GISIS), using the reporting facilities of the Contact Points module.

5 The two annexes mentioned above can be downloaded from GISIS as follows: http://www.imo.org/OurWork/Circulars/Pages/Home.aspx. The printed copy of the lists, as set out in annexes 1 and 2, will only be revised and re-issued annually.

6 The only official version of the "**List of national operational contact points responsible for the receipt, transmission and processing of urgent reports on incidents involving harmful substances including oil from ships to coastal States**", to be used for ship inspection purposes, is the version updated on a quarterly basis and available on: http://www.imo.org/OurWork/Environment/PollutionPrevention/OilPollution/Pages/Shipboard-Marine-Pollution-Emergency-Plans.aspx (select "SOPEP National Operations Focal Points" on the right hand side of the given link). The quarterly date for this official version is specified at the top of each page of the above list (i.e. 31 March, 30 June, 30 September and 31 December).

7 Queries on the management of the data contained in the above-mentioned lists of national contact points should be addressed to:

.1 regarding annex 1 of this circular:

Maritime Safety Division
4 Albert Embankment — Fax: +44 (0) 20 7587 3210
London SE1 7SR — E-mail: grao@imo.org

.2 regarding annex 2 of this circular:

Marine Environment Division
4 Albert Embankment — Fax: +44 (0) 20 7587 3210
London SE1 7SR — E-mail: hozturk@imo.org

ANNEX 2

LIST OF NATIONAL OPERATIONAL CONTACT POINTS RESPONSIBLE FOR THE RECEIPT, TRANSMISSION AND PROCESSING OF URGENT REPORTS ON INCIDENTS INVOLVING HARMFUL SUBSTANCES, INCLUDING OIL FROM SHIPS TO COASTAL STATES

1 The following information is provided to enable compliance with Regulation 37 of MARPOL Annex I which, *inter alia*, requires that shipboard pollution emergency plans for oil (SOPEP) shall contain a list of authorities or persons to be contacted in the event of a pollution incident involving such substances. Requirements for oil pollution emergency plans and relevant oil pollution reporting procedures are contained in Articles 3 and 4 of the 1990 OPRC Convention.

2 This information is also provided to enable compliance with Regulation 17 of MARPOL Annex II which, *inter alia*, requires that the shipboard marine pollution emergency plans for oil and/or noxious liquid substances (SMPEP) shall contain a list of authorities or persons to be contacted in the event of a pollution incident involving such substances. In this context, requirements for emergency plans and reporting for hazardous and noxious substances are also contained in Article 3 of the 2000 OPRC-HNS Protocol.

3 Resolution MEPC.54(32), as amended by resolution MEPC.86(44), on the SOPEP Guidelines and resolution MEPC.85(44), as amended by resolution MEPC.137(53), on the SMPEP Guidelines adopted by the IMO require that these shipboard pollution emergency plans should include, as an appendix, the list of agencies or officials of administrations responsible for receiving and processing reports as developed and up-dated by the Organization in compliance with Article 8 (Reports on incidents involving harmful substances) and Protocol I (Provisions concerning Reports on Incidents Involving Harmful Substances) of the MARPOL Convention. Under Article 8 of Convention, each Party to the Convention shall notify the Organization with complete details of authorities responsible for receiving and processing reports on incidents for circulation to other Parties and Member States of the Organization. Attention is also drawn to both Guidelines which stipulate that "in the absence of a listed focal point, or should any undue delay be experienced in contacting the responsible authority by direct means, the master should be advised to contact the nearest coastal radio station, designated ship movement reporting station or rescue co-ordination centre (RCC) by the quickest available means".

4 The "List of national operational contact points responsible for the receipt, transmission and processing of urgent reports on incidents involving harmful substances, including oil from ships to coastal States" contained in the circular is updated at the end of each calendar year. This list is an update of that contained in MSC-MEPC.6/Circ.6 dated 31 December 2009, as amended.

5 The above mentioned “List” is available on the Internet and can be accessed as follows: http://www.imo.org/OurWork/Environment/PollutionPrevention/OilPollution/Pages/Shipboard-Marine-Pollution-Emergency-Plans.aspx (select "**SOPEP National Operations Focal Points**" on the right hand side of the given link). This Internet version is updated on a quarterly basis and includes **a summary indicating which country has submitted changes to its information, since the previous update.**

6 On receipt of this latest version and in order to maintain an accurate list, it is necessary that Member States check their respective information to ensure that it is correct. Effective 29 February 2008, Member States are requested to directly update their respective information in the Global Integrated Shipping Information Systems (GISIS) using the reporting facilities of the Contact Points module.

***

Changes or Amendments to the

LIST OF NATIONAL OPERATIONAL CONTACT POINTS RESPONSIBLE FOR THE RECEIPT, TRANSMISSION AND PROCESSING OF URGENT REPORTS ON INCIDENTS INVOLVING HARMFUL SUBSTANCES, INCLUDING OIL FROM SHIPS TO COASTAL STATES

The following updates are based on information from countries that notified us of additions, changes or amendments to MSC-MEPC.6/Circ.6:

Updates as at 31 March 2010

DENMARK
ECUADOR
ESTONIA
MARSHALL ISLANDS
NEW ZEALAND

Updates as at 30 June 2010

CHINA
HONDURAS
LATVIA
REPUBLIC OF KOREA
RUSSIAN FEDERATION
UNITED STATES
URUGUAY

Updates as at 30 September 2010

GEORGIA
GUATEMALA
IRAN (ISLAMIC REPUBLIC OF)
KENYA
NIGERIA
OMAN
PANAMA
ROMANIA

The master or owner of a ship must report, without delay, any discharge or anticipated discharge of a pollutant to a Pollution Prevention Officer (PPO). These initial reports should be made to any Marine Communications and Traffic Services (MCTS) Centre on the frequencies listed in the publication, Radio Aids to Marine Navication (RAMN) - DFO 5470 (Great Lakes and Atlantic) and DFO 5471 (Pacific). Alternatively, spill reports can be directed to the nearest CCG 24/7 Regional 1-800 marine spill reporting phone line as identified below:
