SHIP/PORT INTERFACE

Revised list of existing publications relevant to areas and topics relating to the ship/port interface

- 1 The Facilitation Committee, at its thirty-second session (4-8 July 2005), noting that the revised bibliography was circulated by FAL.6/Circ.10, invited Member Governments and international organizations to continue to submit to the Secretariat information relevant to the bibliography updated as and when changes occur.
- 2 Annexed* to this circular is a revised list which incorporates the above-mentioned amendments and updated information received from relevant organizations and on IMO publications from the previous list.
- 3 Member Governments and international organizations are invited to bring this list to the attention of all parties concerned and, in particular, port and terminal authorities.
- 4 The organizations whose publications are listed in this circular are requested to review the publications and inform the Secretariat on any publications, which are no longer available, or which are out-of-date; as well as of any which, in their view, should be added to the list.
- 5 This circular replaces FAL.6/Circ.10, dated 11 December 2003.
