Preamble

The States Parties to the present Protocol,

Being Parties to the International Convention relating to Intervention on the High Seas in Cases of Oil Pollution Casualties done at Brussels on 29 November 1969,

Taking into account the resolution on International Co-operation concerning Pollutants other than Oil adopted by the diplomatic conference in Brussels at the same time,

Further taking into account that pursuant to the resolution, the Inter-Governmental Maritime Consultative Organization has intensified its work, in collaboration with all interested international organizations, on all aspects of pollution by substances other than oil,

Have agreed as follows:
ARTICLE I

1. Parties to the present Protocol may take such measures on the high seas as may be necessary to prevent, mitigate or eliminate grave and imminent danger to their coastline or related interests from pollution or threat of pollution by substances other than oil following upon a maritime casualty or acts related to such a casualty, which may reasonably be expected to result in major harmful consequences.

2. "Substances other than oil" as referred to in paragraph 1 shall be:
   (a) those substances enumerated in a list which shall be established by an appropriate body designated by the Organization and which shall be annexed to the present Protocol, and
   (b) those other substances which are liable to create hazards to human health, to harm living resources and marine life, to damage amenities or to interfere with other legitimate uses of the sea.

3. Whenever an intervening Party takes action with regard to a substance not included in the list referred to in paragraph 2(b) that Party shall have the burden of establishing that the substance under the circumstances present at the time of the intervention could reasonably pose a grave and imminent danger analogous to that posed by any of the substances enumerated in the list referred to in paragraph 2(a).

ARTICLE II

1. The provisions of paragraph 2 of Article I and Articles II to VIII of the Convention Relating to Intervention on the High Seas in Cases of Oil Pollution Casualties, 1969 and the Annex thereto as they relate to oil shall be applicable with regard to the substances referred to in Article I of this Protocol.

2. 3. Parties to the present Protocol whether or not Members of the Organization shall be entitled to participate in the proceedings of the appropriate body.

4. Amendments shall be adopted by a two-thirds majority of only the Parties to the Protocol present and voting.

5. If adopted in accordance with paragraph 4 above, the amendment shall be communicated by the Organization to all Parties to the Protocol for acceptance.

6. The amendment shall be deemed to have been accepted at the end of a period of six months after it has been communicated, unless within that period an objection to the amendment has been communicated to the Organization by not less that one-third of the Parties to the Protocol.

7. An amendment deemed to have been accepted in accordance with paragraph 6 above shall enter into force three months after its acceptance for all Parties to the Protocol, with the exception of those which before that date have made a declaration of non-acceptance of the said amendment.

2. Any instrument of ratification, acceptance, approval or accession deposited after the entry into force of an amendment to this Protocol with respect to all existing Contracting Parties or after the completion of all measures required for the entry into force of the amendment with respect to all existing Contracting Parties shall be deemed to apply to the Protocol as modified by the amendment.
