Article

Promotion of Technical Co-operation

The Contracting Parties shall promote, through the Organization and
other international bodies, with assistance in co-ordination by the
Executive Director of the United Nations Environment Programme, support
for those States which request technical assistance for:

(a) the training of scientific and technical personnel;

(b) the supply of necessary equipment and facilities for reception, research and monitoring;

(c) the facilitation of other measures and arrangements to prevent or mitigate pollution of the marine environment by ships;

preferably within the countries concerned, so furthering the aims and purposes of this Convention.
