4. The member of the Committee representing Poland declared that his delegation does not recognize the credentials of the delegation of South Viet-Nam on the grounds that the Saigon authorities cannot represent South Viet-Nam as a whole, since as it has been recognized by the 1973 Paris Agreements on Viet-Nam that there exist two zones and two administrations in South Viet-Nam.

5. The member of the Committee representing the United Republic of Tanzania associated his Government with the statement of the delegate of Poland in so far as the credentials purported to accredit the sole representatives of South Viet-Nam.

6. A document in good order was presented by Austria accrediting an Observer to the Conference.

7. A document was presented in respect of Observers from Hong Kong and was examined and approved by the Committee in conformity with the established practice of Conferences convened by the Organization, it being noted however that Resolution A.304(VIII) by which the IMCO Assembly convened the Conference, and the Rules of Procedure adopted by the Conference, did not refer to the representation of entities other than States or Intergovernmental bodies. The Committee considered that this might be regarded as a lacuna if it were intended that Associate Members of the Organization should be represented at plenipotentiary Conferences by delegations distinct from the States having responsibility for their international relations.

8. Full Powers for signature of a Convention, contained in credentials or in separate documents submitted in respect of 25 delegations were also examined and found to be in good order and the Committee decided to report to the Conference at a later date in respect of additional Full Powers received by 31 October 1974.

9. The Credentials Committee submits this Report in accordance with Rule 3, for the consideration and approval of the Conference.
