REPORTS ON ACTS OF PIRACY AND ARMED ROBBERY AGAINST SHIPS

Issued monthly – Acts reported during October 2016

1 In pursuance of the Maritime Safety Committee’s instruction to the Secretariat to issue monthly reports of all incidents of piracy\(^1\) and armed robbery against ships\(^2\) reported to the Organization, the annex hereto provides, in the tabulated format agreed by the Committee, the summary of reports on incidents received between 1 and 31 October 2016 including a distinction between acts of piracy and acts of armed robbery against ships (annex 1) and attempted attacks (annex 2). The Secretariat has, since July 2002, classified separately any reported incidents of piracy and armed robbery at sea (international or territorial waters) vis-à-vis acts of armed robbery allegedly committed in port areas, as well as attempted acts of armed robbery.

---

\(^1\) "Piracy" is defined in the 1982 United Nations Convention on the Law of the Sea (UNCLOS) (article 101) as follows:

"Piracy consists of any of the following acts:

(a) any illegal acts of violence or detention, or any act of depredation, committed for private ends by the crew or the passengers of a private ship or a private aircraft, and directed:

(i) on the high seas, against another ship or aircraft, or against persons or property on board such ship or aircraft;

(ii) against a ship, aircraft, persons or property in a place outside the jurisdiction of any State;

(b) any act of voluntary participation in the operation of a ship or of an aircraft with knowledge of facts making it a pirate ship or aircraft;

(c) any act inciting or of intentionally facilitating an act described in subparagraph (a) or (b)."

\(^2\) "Armed robbery against ships" is defined in the Code of Practice for the Investigation of the Crimes of Piracy and Armed Robbery Against Ships (resolution A.1025(26), annex, paragraph 2.2), as follows:

"Armed robbery against ships means any of the following acts:

(a) any illegal act of violence or detention or any act of depredation, or threat thereof, other than an act of piracy, committed for private ends and directed against a ship or against persons or property on board such a ship, within a State's internal waters, archipelagic waters and territorial sea;

(b) any act of inciting or of intentionally facilitating an act described above."
2 Further, and as instructed by the Committee (MSC 89/25, paragraphs 18.9 and 18.10), the Secretariat has opened a “piracy and armed robbery” module on the Global Integrated Shipping Information System (GISIS) (http://gisis.imo.org) in order to improve the timeliness of reporting of incidents and to enable users to generate their own search criteria and produce customizable reports. This database is now configured for public, read-only access and is searchable. Reports can be compiled in GISIS directly by Member States and registered public users. These reports can now include follow-up information, for example dates of release of hijacked ships.

3 Previous incidents reported to the Organization since the fifty-ninth session of the Committee have been circulated by various MSC circulars, those issued during the previous 12 months and up to 30 September 2016 being MSC.4/Circ.230, MSC.4/Circ.231, MSC.4/Circ.232 (Annual Report), MSC.4/Circ.233, MSC.4/Circ.234, MSC.4/Circ.235, MSC.4/Circ.236, MSC.4/Circ.237, MSC.4/Circ.238, MSC.4/Circ.239, MSC.4/Circ.240 and MSC.4/Circ.241.

<td>On 25/10/2016 at about 2030 hours, more than 10 pirates boarded the tug boat, Ever Ocean Silk towing barge, Ever Giant. The tug boat and barge, laden with palm oil, en route from Lahad Datu, Sabah to Port Klang, Selangor. The pirates armed with long knives came alongside the tug boat in a speed boat and a wooden boat. The pirates boarded the tug, gathered and tied up the 10 Indonesian crew in a cabin. It was reported that the pirates instructed one of the crew to teach them how to navigate to their desired location. The crew tried to navigate the ships closer to coast but was assaulted by the pirates who discovered his intention. The crew then adjusted to the pirates desired course and was later locked up with the other crew. On 26/10/2016, the Master managed to free himself and no pirates were found. The Master had to stop the tug boat as the pirates had stolen the communication and navigation equipment on board and he was unable to ascertain his location. The owner of the Ever Ocean Silk reported the incident to the Malaysia Maritime Enforcement Agency (MMEA), Bintulu after they had lost communications with the tug boat. Three MMEA assets (KM Tabah, KM Jepak and Penggalang 33) were dispatched and on 26/10/2016 at about 1525 hours, KM Jepak located the ships at about 30 nm off Tanjung Kidurong, Sarawak. The crew was safe on board. The tug boat and barge were subsequently escorted by the MMEA assets to Bintulu port.</td>

At about 1830 hours on 20/10/2016, another PMAR team boarded and secured the ship.
