Foreword

Model course: Ratings as Able Seafarer Engine in a manned engine-room or designated to perform duties in a periodically unmanned engine-room, 2019 Edition

This model course aims to meet the mandatory minimum requirements for the knowledge, understanding and proficiency in table A III/5 of the STCW Code. The course comprises four functions at the support level: Marine engineering; Electrical, electronic and control engineering; Maintenance and repair; and Controlling the operation of the ship and care for persons on board.

On successful completion of the training and assessment trainees should be competent to carry out safely the duties of ratings as able seafarer engine (AB engine).

Ratings as able seafarer engine in manned engine-room or designated to perform duties in a periodically unmanned engine room.
