LONDON CONVENTION 1972

Amendments to Annex 1 to the 1996 Protocol to the Convention on The Prevention of Marine Pollution by Dumping of Wastes And Other Matter, 1972

2003 Edition

Supplement

The following amendments were adopted on 2 November 2006 by the First Meeting of Contracting Parties to the 1996 Protocol to the London Convention, 1972, through resolution LP.1(1). The amendments entered into force on 10 February 2007 except for those Contracting Parties which until that date had submitted a declaration of non-acceptance pursuant to article 22 paragraph 4 of the Protocol.

1. On page 37, paragraph 1.6, delete “and”; in 1.7 add “and” to end of 1.7 and insert new 1.8 to read:

“8. Carbon dioxide streams from carbon dioxide capture processes for sequestration.”

2. On page 37 paragraph 3, amend “paragraphs 1.1 to 1.7” to read “paragraphs 1.1 to 1.8”.

3. On page 38, insert new paragraph 4 to read as follows:

“4. Carbon dioxide streams referred to in paragraph 1.8 may only be considered for dumping if:

1. disposal is into a sub-sea-bed geological formation; and

2. they consist overwhelmingly of carbon dioxide. They may contain incidental associated substances derived from the source material and the capture and sequestration processes used; and

3. no wastes or other matter are added for the purpose of disposing of those wastes or other matter.”
