E

Ref. T3/2.02

FAL.2/Circ.112
20 January 2009

REPORTS ON STOWAWAY INCIDENTS

(October to December 2008)

1 Reference is made to FAL.2/Circ.50/Rev.1 of 9 November 1999 adopted by the Facilitation Committee at its twenty-seventh session (6 to 10 September 1999).

2 In pursuance of the provisions of resolution A.871(20) – “Guidelines on the Allocation of Responsibilities to Seek the Successful Resolution of Stowaway Cases”, by means of which Governments were invited to develop, in co-operation with the industry, comprehensive strategies to prevent intending stowaways from gaining access to ships, the Facilitation Committee invited Member Governments and international organizations to provide the Organization, on a monthly basis, with:

- .1 statistical data on stowaway incidents which occurred since the date of adoption of FAL.2/Circ.50/Rev.1, using the reporting format presented in the annex; and
- .2 information on their experience gained with the Guidelines and the measures taken for, and obstacles encountered with, their implementation.

3 Member Governments and international organizations were further invited to encourage shipping companies, shipowners, ship operators, ship masters and industry organizations concerned to report, in the aforementioned format, any relevant information, for the purpose of assisting the Facilitation Committee in its further work on the Guidelines. The reporting party may submit any relevant information collected to either Member Governments or international organizations for onward transmission to the Organization.

4 Attached is information received since 1 October 2008. The total number of stowaway incidents reported to the Organization from 1 October to 31 December 2008 is 125 incidents, involving 634 stowaways.

5 The total number of stowaway incidents so far reported to the Organization from January 1998 to December 2008 is 3,525, involving 11,329 stowaways.

ANNEX
Stowaway incidents reported by Member States
or international organizations in consultative status
