

Ref. T3/2.02

FAL.2/Circ.70
31 December 2001

REPORTS ON STOWAWAY INCIDENTS

Issued quarterly
(October to December 2001)

1 Reference is made to FAL.2/Circ.50/Rev.1 of 9 November 1999 adopted by the Facilitation Committee at its twenty-seventh session (6 to 10 September 1999).

2 In pursuance of the provisions of resolution A.871(20) - "Guidelines on the Allocation of Responsibilities to Seek the Successful Resolution of Stowaways Cases", by means of which Governments were invited to develop, in co-operation with the industry, comprehensive strategies to prevent intending stowaways from gaining access to ships, the Facilitation Committee invited Member Governments and international organizations to provide the Organization, on a monthly basis, with:

- .1 statistical data on stowaway incidents which occurred since the date of adoption of FAL.2/Circ.50/Rev.1, using the reporting format presented in the annex; and
- .2 information on their experience gained with the Guidelines and the measures taken for, and obstacles encountered with, their implementation.

3 Member Governments and international organizations were further invited to encourage shipping companies, shipowners, ship operators, ship masters and industry organizations concerned to report, in the aforementioned format, any relevant information, for the purpose of assisting the Facilitation Committee in its further work on the Guidelines. The reporting party may submit any relevant information collected to either Member Governments or international organizations for onward transmission to the Organization.

4 Attached is information received since September 2001. The total number of stowaway incidents so far reported to the Organization is 1,686, an increase of 61 since 30 September 2001.

ANNEX
Stowaways incidents reported by Member States
or international organizations in consultative status
